

Millions of Americans Can't Wait to Hear From Your Store

Service Hear™ is an assistive listening device kit that provides unobtrusive and continual assistance to your customers with hearing aids. Service Hear eliminates all background noise so conversation is clearer and sharper. Hearing disabled customers will recognize the universal symbol for a T-coil listening device and appreciate the effort being made to provide them a convenient and stress free shopping experience.

Hearing Loop installed - **stand here** and switch hearing aid to **T-coil** mode
